REMARKS

This response is intended as a full and complete response to the Interview Summary concerning a telephonic interview, held on November 7, 2007, between Examiner David England, from the USPTO, and Michael Bentley, Applicants' representative.

INTERVIEW SUMMARY

Applicants' representative wishes to thank the Examiner for the courtesies extended during the interview and for taking time out of the Examiner's busy schedule to speak with Applicants' representative. Applicants' representative acknowledges the Examiner's Interview Summary mailed on November 16, 2007.

During the interview, Applicants' claim 5 was discussed. More specifically, possible claim amendments to clarify the allowed claims were discussed. The Examiner and Applicants' representative agreed that Applicants' claim 5 should be amended from "pulling a fraction of the SM object by the HS from the content server" to "pulling, for each SM object, a fraction of the SM object by the HS from the content server," in order to clarify that a fraction of an SM object is pulled (rather than a fraction of the total number of SM objects). Following the mailing of a Notice of Allowance on August 23, 2007, and prior to payment of the Issue Fee, Applicants filed an amendment after allowance under 37 C.F.R §1.312 which included the amendment agreed upon by the Examiner and Applicants' representative. Prior art was not discussed during the Interview.
